City Services

Water & Sewer Utility Billing

An application form, copy of driver's license, and a \$120.00 deposit is required for all new accounts. The deposit is credited to a homeowners account after a year of prompt payments has been established. The deposit will be applied to the account in the anniversary month of the move in date. The deposit will be noted on the bill when it is credited. Renters receive their deposit after they finalize their account.

Water Rates:

\$19.15 monthly base fee
\$7.54 per 1,000 gallons of water consumed
Water Excise Tax: 6%

Sewer Rates:

\$25.00 monthly base fee
\$5.16 per 1,000 gallons of water consumed

2nd Meter Rates:

\$9.00 monthly base fee
\$10.75 per 1,000 gallons of water consumed

The above figures are used to determine your monthly bill regarding the water that is consumed in your household. The city has second meters available for those who use large amounts of water outside their homes. The sewer charge is waived on the second meter. For further information on a second meter or general billing questions, please email utilities@huxleyiowa.org or call 515-597-2561 ext. 202.

At the beginning of the month, city personnel will read the meter(s) at each residence to determine water usage. Bills are then sent out around the 20th of each month and are to be paid in full by the 10th of the following month. A \$10.00 late fee will be added to each account that is delinquent. If water is disconnected for any reason, a \$50.00 reconnect fee will be charged to have water reestablished.

The City of Huxley highly encourages everyone to sign up for automatic withdrawal. The form can be found on our website or stop by City Hall to pick one up. Other payment options are available:

Severe Weather: When there is a report of severe weather headed in the general direction of Huxley within a 30-mile radius, the following will happen:

1. The sirens that are located in town (one at Centennial Park, one at Nord Kalsem Park and one on the south end of Prairie Ridge) will be sounded and will continue to sound.
2. The City of Huxley does provide a shelter for those that do not have shelter of their own. The Safe Room, located on the north side of City Hall, will be unlocked when sirens are sounded or with the first sign of severe weather.
3. There will NOT be an "All Clear" signal given after the storm is over. Officers will stop by the Safe Room when it is safe to go home.

Snow Removal: After one inch of accumulated snow, parking on any city street in the City of Huxley is not allowed. The streets that are marked "Snow Route" will be the first streets plowed for safe travel. After the snow routes are plowed the remaining streets will be cleared in no particular order. Once the removal of snow has begun, police officers will start issuing citations to the vehicles left on the street. Citations will cost \$30.00.
