IMPORTANT PROGRAMMING INFORMATION FOR 2020 SEASON

Huxley Parks and Recreation is trying to offer opportunities for youth to participate in a sports setting during this difficult time. These programs will likely look different from past years; however, our hope is to continue to provide activities for children in a safe environment.

- Program dates are guidelines and can change without notice due to circumstances beyond our control.
- All registrations will be *pending*. We will take payment information; however, payment will not be processed until we are certain the program, in some capacity, will take place.
- When registering for a program or activity, understand that our environment is very fluid and you must be understanding of change.
- We will do our absolute best to offer a quality, safe, and fun program/activity for your child.

Small group practices will move toward team development as the season progresses. These small group practices will be run by volunteer parent coaches. Any game play will be determined at a later date and coordinated through the CIRL. Specific group dates and times will be determined once the registration deadline has passed.

Who: Grades 1-6 (Grouped 1/2, 3/4, 5/6)

When: Monday's, Tuesday's and Thursday's September 8—October 20

Where: Centennial Park and Larson Sports Fields

Time: 6:00-8:00pm (Exact practice/game times will be announced later)
